

Biography

Scott D. Cabes

**President
Techni**CAL**, Inc.
New Orleans, LA**

Mr. Cabes is the President of Techni**CAL**, Inc. His expertise is in US FDA and USDA regulatory compliance for LACF and Acidified food processors and Hazard Analysis Critical Control Point (HACCP) systems. He has worked extensively on the development and implementation of LACF regulatory compliance and HACCP programs in the United States, China, India, Thailand, the Philippines, Korea, and South America. He has worked closely on US FDA regulatory matters pertaining mainly to South America and Asia such as automatic detentions, import alerts, and product recalls.

Mr. Cabes is the principle company contact for imported products, regulatory compliance issues, and HACCP concerns for customers who import/export and/or produce food products which are federally inspected by the USDA and FDA. He also oversees the development of Techni**CAL**'s thermal processing software and hardware products (CALSoft and CALBase software, and CALPlex datalogger).

Mr. Cabes was invited to participate as a trainer in USFDA's "LACF Foreign Outreach Program" in South America. He is certified by the National Seafood HACCP Alliance as a Trainer and has participated through Louisiana State University's Extension Service as an instructor for Seafood HACCP Alliance sponsored courses in the United States. He has assisted with training in Techni**CAL**'s HACCP and Thermal Processing related courses in the U.S., Thailand, South America, and the Philippines.

Mr. Cabes is a Professional Member of the Institute of Food Technologists, a member of the Institute of Thermal Processing Specialists, and a member of the Association of Food Industries.
